CERTIFICAZIONI DI PRODOTTO

PRODUCT CERTIFICATIONS

La sicurezza e la conformità dei sistemi doccia ALMAR sono garantite dai più importanti enti di certificazione mondiale. Ogni certificazione testimonia l’esclusività e l’unicità di ogni prodotto, e la volontà di ALMAR di assicurare ai propri clienti i più alti standard qualitativi presenti sul mercato.

The security and compliance of ALMAR’s shower systems are ensured by the most important world certification authorities. Every certification witnesses the exclusiveness and uniqueness of each product and ALMAR’s will to ensure its customers the highest quality standards present on the market.

ALMAR è certificata secondo gli standard di qualità UNI ENI ISO 9001:2015 (sistema gestione qualità) e ISO 45001 (sicurezza sul posto di lavoro).

ALMAR is certified according to ISO 9001 (quality management system) and OHSAS 18001 (security on the working place) quality standards.

SCHEDA PRODOTTO

DATA SHEET

1_digramma di portata | *flowrate* **2**_dimensioni del prodotto | *product dimensions* **3**_codice del prodotto | *product code* **4**_informazioni aggiuntive | *additional product information* **5**_tipi di getto | *type of jets* **6**_numero di getti/funzioni | *number of jets (WAYS)* **7**_numero di pezzi in cartonbox | *number of pieces in a cartonbox* **8**_finiture disponibili | *availabe finishes* **9**_prezzo del prodotto | *product price*

Per la comunicazione dell’ordine indicare, dopo il codice del prodotto, il punto seguito dalle due lettere corrispondenti alla finitura scelta.

esempio:
E044200.**CR** per finitura Cromo
E044200.**HB** per finitura PVD Brushed High Brass
E044200.**HB316** per finitura 316 PVD Brushed High Brass *
*NB: nel caso di prodotto in Acciaio 316, nel codice dopo il punto, indicare anche 316

When you place an order, indicate after the product code, “dot” followed by the 2 letters of the chosen finishing.

example:
E044200.**CR** Chrome finish
E044200.**HB** PVD Brushed High Brass finish
E044200.**HB316** 316 PVD Brushed High Brass finish *
*N.B.: for products in 316 Stainless Steel, in the product code after “dot”, indicate also 316

* La finitura estetica del PVD SPAZZOLATO realizzato su Ottone o Acciaio 316 ha una lucentezza differente, ciò è dovuto alla diversità del materiale di base su cui la finitura viene realizzata.

* The aesthetical finish of BRUSHED PVD made on Brass or 316 Stainless Steel has a different brightness, this is due to the diversity of the material on which the finish is made.

CARATTERISTICHE
SMART FEATURES

- **Scatola a incasso universale** per versione meccanica, termostatica e termostatica con pulsanti per 1, 2 o 3 vie.
- **Universal embedded box** for mechanical and thermostat version, for 1, 2 or 3 ways.
- **Facile e veloce installazione** del box universale su qualsiasi tipologia di muro (cemento, mattoni, cartongesso, legno).
- **Easy and quick installation** of the universal box on any type of wall (concrete, bricks, plasterboard, wood).
- Il **corpo centrale** in ottone della scatola a incasso è **completamente rivestito di gomma termoplastica**, per garantire la massima ermeticità e per ridurre il livello di rumorosità durante l'utilizzo.
- The brass **central body** of the embedded box is **covered with thermoplastic rubber**, to ensure the maximum watertightness and reduce the level of noise during the employment.
- Gli **ingressi di acqua calda e fredda** sono posizionati nella parte inferiore del box universale, al fine di evitare raccordi ad angolo durante l'installazione.
- The **hot and cold water inlets** are placed in the lower part of the universal box, in order to avoid corner joints during the installation.
- Le **versioni** meccanica e termostatica sono **intercambiabili** tra loro in ogni momento.
- The mechanical and thermostat **versions** are **interchangeable** among them at any moment.
- Il prodotto viene fornito in **due diversi imballi**: il primo per il box universale da incasso, il secondo per le parti estetiche e i moduli funzionali.
- The product is supplied in **two different packaging**: the first one for the universal embedded box, the second for the trim parts and the functional modules.
- Le **portate di acqua (l/min)** di ogni singola uscita sono studiate per poter installare qualsiasi prodotto della gamma Shower System di ALMAR.
- The **water flow (l/min)** of each outlet is studied so that any product of the range Shower System by ALMAR can be installed.

€ 285

possibilità in installazione | installation possibilites:

Nell'installazione a 1 via è possibile scegliere quale delle 3 vie lasciare aperta e quindi utilizzare (in alto, a sinistra o a destra) chiudendo quindi le altre 2. Questa particolarità consente un utilizzo del modulo incasso molto versatile a seconda del sistema doccia scelto.

In the 1-way installation it is possible to choose which of the 3 ways to leave open and use (top, left or right) and then close the other 2. This peculiarity allows a very versatile use of the concealed module depending on the shower system chosen by the customer.

E186901 INCASSO MECCANICO 2 VIE ORIZZONTALE

CARATTERISTICHE

- **Facile e veloce installazione** del box universale su qualsiasi tipologia di muro (cemento, mattoni, cartongesso, legno).
- Il **corpo centrale** in ottone della scatola a incasso è **completamente rivestito in materiale termoplastico**, per garantire la massima ermeticità e per ridurre il livello di rumorosità durante l'utilizzo.
- Gli **ingressi di acqua calda e fredda** sono posizionati nella parte inferiore, al fine di evitare raccordi ad angolo durante l'installazione.
- Le **portate di acqua (l/min)** di ogni singola uscita sono studiate per poter installare qualsiasi prodotto della gamma ALMAR.
- **Cartuccia termostatica ad alta precisione** per una regolazione della temperatura immediata.
- Tappo fornito di gradini per un uso preciso della bolla e per **evitare errori di installazione**.
- **Estetiche** con rosoni tondi o quadri.

SMART FEATURES

- **Easy and quick installation** of the universal box on any type of wall (concrete, bricks, plasterboard, wood).
- The brass **central body** of the embedded box is **covered with thermoplastic rubber**, to ensure the maximum watertightness and reduce the level of noise during the employment.
- The **hot and cold water inlets** are placed in the lower part of the universal box, in order to avoid corner joints during the installation.
- The **water flow (l/min)** of each outlet is studied so that any product of the range Shower System by ALMAR can be installed.
- **High precision thermostat cartridge** for an immediate temperature regulation.
- Cover equipped with notches for a precise use of the level and to avoid installation mistakes.
- **Trim sets** with round or square rosettes.

CARATTERISTICHE

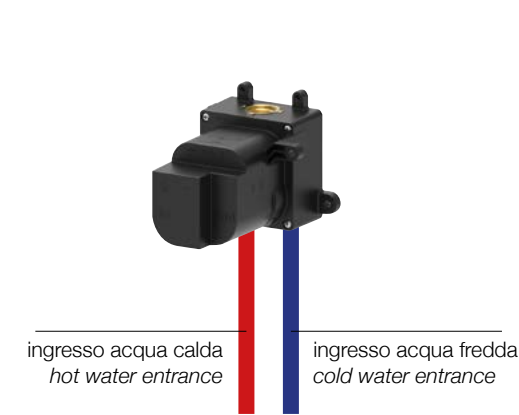

Alte portate anche a bassa pressione (raccordi 3/4").
 Cartuccia termostatica ad alta precisione per una regolazione della temperatura immediata.
 Uso simultaneo di più funzioni.
 Maniglie in ottone con rosoni singoli o placca unica.
 Installazione orizzontale o verticale.
 Raccordi su ciascun lato del modulo deviatore per una facile installazione dei tubi.
 Facile e veloce installazione con “easy box” su qualsiasi tipologia di muro (cemento, Matt oni, cartongesso, legno).
 Tappo di protezione in plastica per le fasi di installazione.
 Raccordi acqua calda e fredda in basso al modulo termostatico per evitare tubi con angoli di 90° e per ridurre gli spazi.
 Tappo fornito di gradini per un uso preciso della bolla e per evitare errori di installazione.
 Estetiche con placca unica o rosoni singoli.

SMART FEATURES

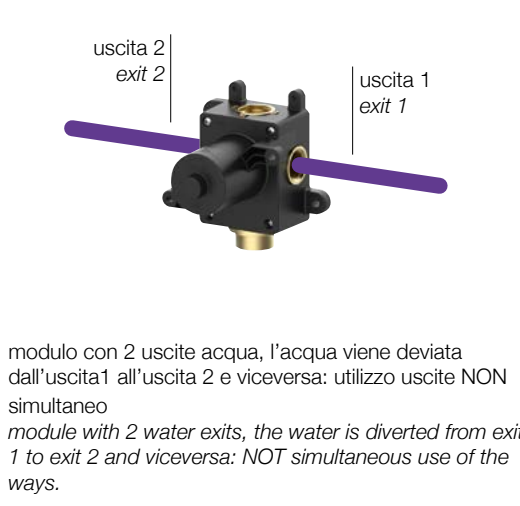

High flows even at low pressure (3/4" connections).
High precision THERMOSTAT cartridge for an immediate temperature regulation.
Simultaneous employment of several functions.
Brass handles with single rosette or plate.
Horizontal or vertical installation.
Connections on each side of the switch unit for an easy installation of the pipes.
Easy and quick installation with “easy box” on any type of walls (concrete, bricks, plasterboard, wood).
Plastic protection cover for the installation procedure.
Hot and cold water connections placed in the lower part of the thermostat module, to reduce the spaces and avoid installing pipes with 90° angles.
Cover equipped with notches for a precise use of the level and to avoid installation mistakes.
Single plate or single rosette possibilities.

In the 1-way installation it is possible to choose which of the 3 ways of the diverter module to leave open and use (top, left or right) and close the other 2. This peculiarity allows a very versatile use of the concealed module depending on the shower system chosen by the customer.

Nel modulo deviatore la via 1 ha due uscite: 1 in alto e 1 in basso; è possibile scegliere quale delle 2 utilizzare (chiudendo quella non usata). Nello specifico l'uscita in alto può essere utilizzata per soffioni e quella in basso per installazioni bordo vasca.

In the diverter module, way 1 has two outputs: 1 at the top and 1 at the bottom; it is possible to choose which of the 2 to use (closing the unused one). Specifically, the top way can be used for shower heads and the bottom one for BATHTUB installations.

Nel modulo deviatore la via 1 ha due uscite: 1 in alto e 1 in basso; è possibile scegliere quale delle 2 utilizzare (chiudendo quella non usata). Nello specifico l'uscita in alto può essere utilizzata per soffioni e quella in basso per installazioni bordo vasca.

E003155 PIASTRA PER DISPLAY CORE PUSH CON TASTI FUNZIONANTI | CORE PUSH DISPLAY PLATE WITH WORKING KEYS

ATTENZIONE:

- La staffa deve essere fissata sul retro del pannello e necessita di uno spazio utile di almeno 6 cm.
- Il pannello deve avere spessore: MIN.18 mm - MAX. 20 mm
- Il fissaggio della staffa richiede un apposito foro sul pannello.

ATTENTION:

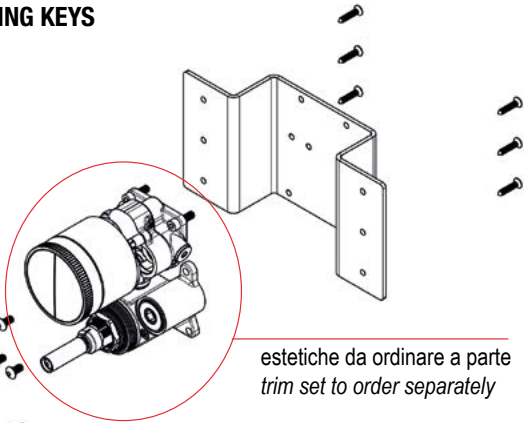

- The bracket must be fixed to the back of the panel and requires a useful space of at least 6 cm.
- The panel must have a thickness: MIN.18 mm - MAX. 20 mm
- Fixing the bracket requires a specific hole on the panel.

Il kit E003155 contiene:

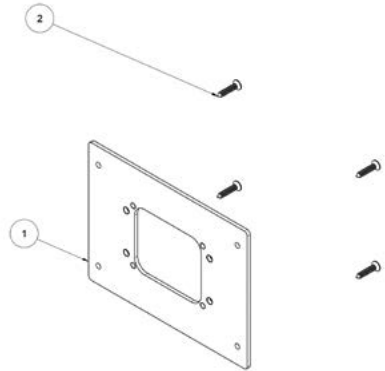

1) staffa per fissaggio display Core Push | 2) viti truciolare | 3) viti M5X10
per completare il display ordinare l'estetica Core Push scelta tra **E176632**, **E176633**, **E176682**, **E176683**

Kit E003155 is composed by:

1) Core Push display mounting bracket | 2) chipboard screws | 3) M5X10 screws
to complete the display please order the trim set choosing between **E176632**, **E176633**, **E176682**, **E176683**

E003154 PIASTRA PER FISSAGGIO VELVET 2 FUNZIONI
VELVET 2-WAY FIXING BRACKET

ATTENZIONE:

- La staffa deve essere fissata sul retro del pannello.
- Il pannello deve avere spessore: MIN.18 mm - MAX. 20 mm
- Il fissaggio della staffa richiede un apposito foro sul pannello.

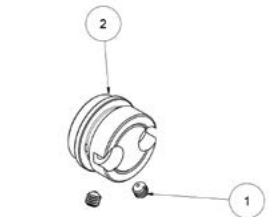

Il kit E003154 contiene:

1) staffa per fissaggio soffione velvet 2 funzioni (E044277) | 2) viti truciolare |
il prodotto **E044277** è da ordinare a parte

Kit E003154 is composed by:

1) Velvet 2-ways (E044277) mounting bracket | 2) chipboard screws
the product **E044277** is to be ordered separately

E003100 PERNO PER FISSAGGIO PRESE ACQUA
PIN FOR WATER OUTLET FIXING

Il kit E003100 contiene:

1) perno in ottone | 2) grani di fissaggio |
I prodotti sono da ordinare a parte

Kit E003100 is composed by:

1) brass pin | 2) fixing screws
the products are to be ordered separately

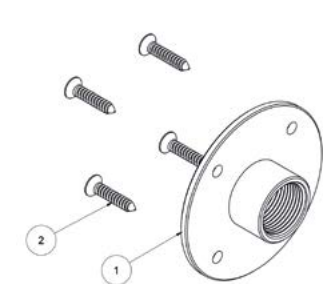

ATTENZIONE:

- Il kit NON richiede fori passanti
- Il kit è utilizzabile con i seguenti modelli di prese acqua e supporti: E095036, E095037, E095038, E095039, E095040, E095041, E120011, E120012, E120013.

ATTENTION:

- This kit NOT needs through holes
- This kit can be used with the following models of water outlets and wall brackets: E095036, E095037, E095038, E095039, E095040, E095041, E120011, E120012, E120013.

E003153 PIASTRA PER FISSAGGIO PER BRACCI E PRESE ACQUA
FIXING BRACKET FOR SHOWER ARMS AND WATER OUTLET

ATTENZIONE:

- La staffa deve essere fissata sul retro del pannello.
- Il pannello deve avere spessore: MIN.18 mm - MAX. 20 mm
- Il fissaggio della staffa richiede un apposito foro sul pannello.

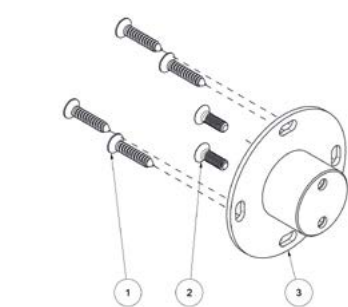

Il kit E003153 contiene:

1) staffa per fissaggio braccio o presa acqua | 2) viti truciolare
i prodotti sono da ordinare a parte

Kit E003153 is composed by:

1) mounting bracket for shower arms or water outlet | 2) chipboard screws
the products are to be ordered separately

E003161 KIT FISSAGGIO WC MIXER
WC MIXER FIXING KIT

ATTENZIONE:

- La staffa deve essere fissata sul retro del pannello.
- Il pannello deve avere spessore: MIN.18 mm - MAX. 20 mm
- Il fissaggio della staffa richiede un apposito foro sul pannello.

Il kit E003161 contiene:

1) viti truciolare | 2) viti M4 | 3) flangia di fissaggio wc mixer
li prodotto **E183002** è da ordinare a parte

Kit E003161 is composed by:

1) chipboard screws | 2) M4 screws | 3) bracket for wc mixer fixing
the product **E180032** is to be ordered separately

KIT DISPLAY HIGH FLOW

51 €

HIGH FLOW UNIVERSAL KIT DISPLAY E003076

Il modulo display per High Flow è universale:

- acquistare un numero di moduli pari al numero di maniglie desiderate (maniglia termostatica + maniglia/e deviatori)
- completano il kit display le maniglie estetiche (maniglia termostatica + maniglia/e deviatori)
- per indicare l'estetica delle maniglie selezionare il codice prodotto* presente nella sezione Water Control

display module

* per le maniglie non esiste un “kit display” specifico in quanto queste corrispondono al prodotto da catalogo per la vendita

The display module for High Flow is universal:

- purchase a number of modules equal to the number of desired handles (thermostat handle + valve/diverter handles)
- the kit is completed with the handles (thermostat handle + valve/diverter handles)
- to indicate the aesthetic of the handles find and select the product* code in the Water Control section of the catalogue

* for handles there is not a specific “display kit” as these correspond to the catalog product for sale

VANTAGGI DEL BOX INCASSO ALMAR

ADVANTAGES OF ALMAR CONCEALED MODULE

1_BUILT-IN DEPTH

*Massima profondità di incasso senza l'utilizzo di prolunghe speciali (25 mm).
Maximum built-in depth without any special extension kit (25 mm).

2_EASY INSTALLATION

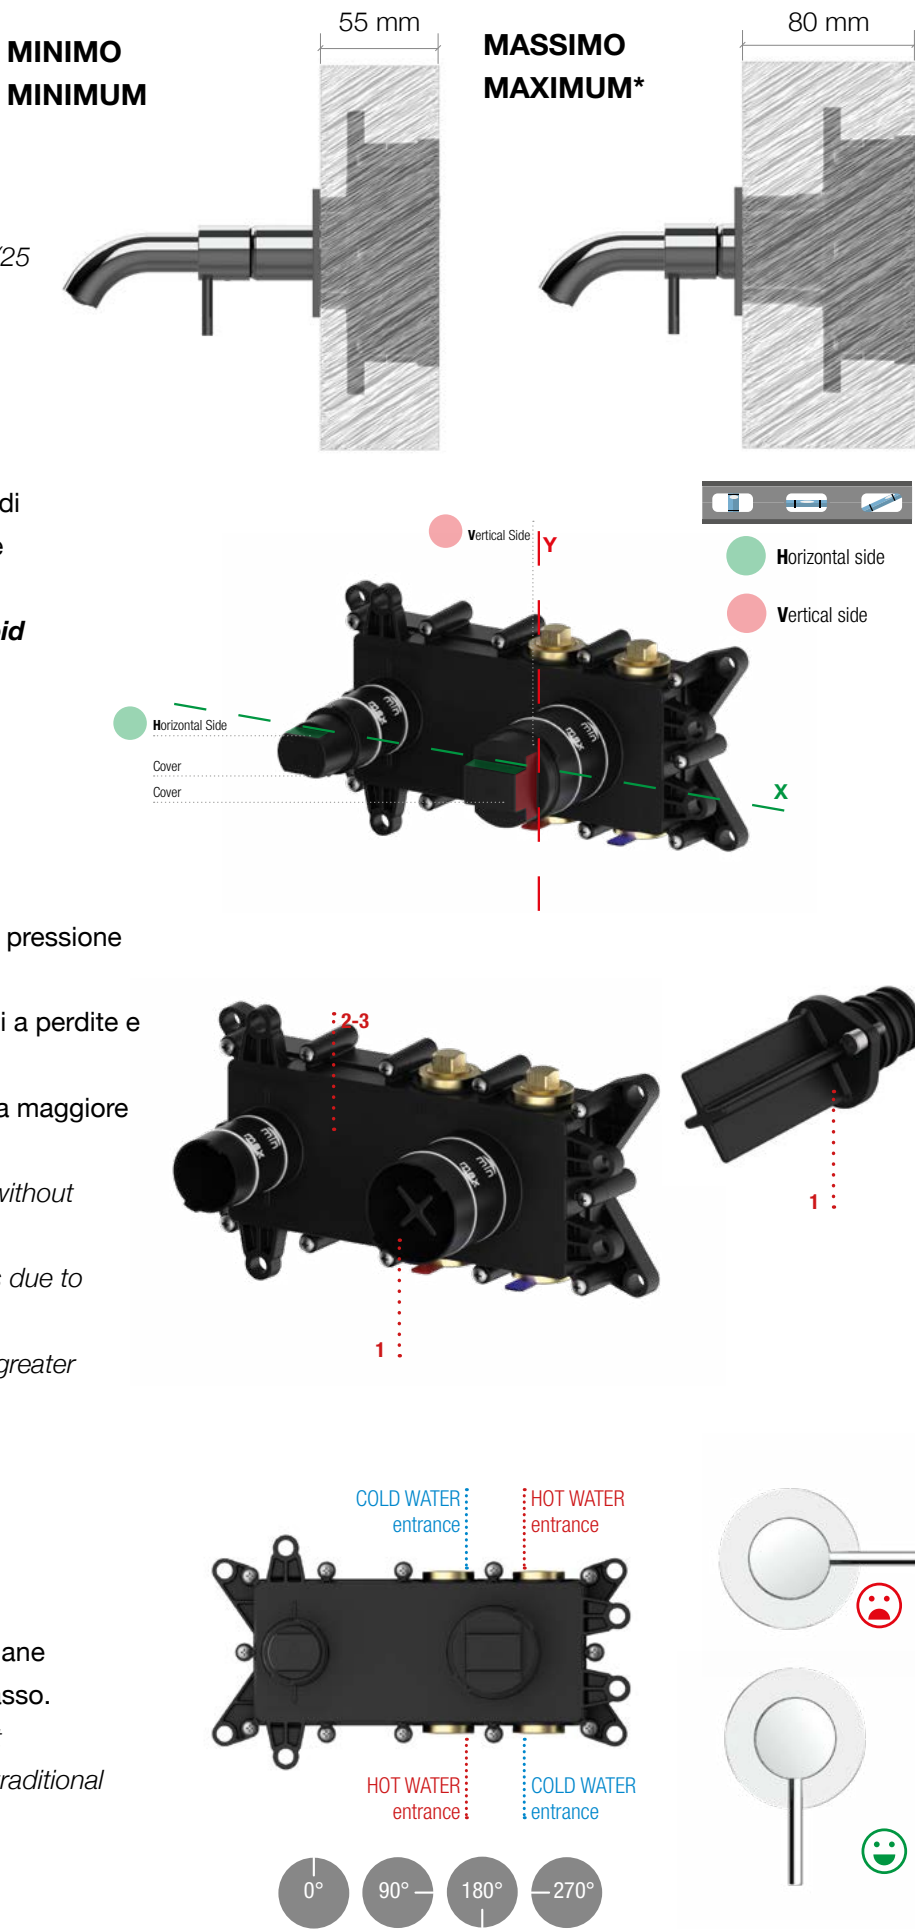

I piani posizionati sulle cover di protezione permettono di evitare **errori di posizionamento** durante l'installazione del corpo a incasso
*The flat areas placed on the protection cover allow to **avoid positioning errors** while installing the concealed body.*

3_EASY SOLUTIONS

- 1_Il tappo per collaudo permette di portare il sistema in pressione senza danneggiare la cartuccia.
 - 2_La totale ermeticità del guscio sconsiglia danni dovuti a perdite e fuoriuscite d'acqua.
 - 3_Il guscio protettivo isola dal rumore, consentendo una maggiore insonorizzazione.
- 1_The test cap allows to provide pressure to the system without damaging the cartridge.*
2_The total water tightness of the shell prevents damages due to water losses or discharges.
3_The protection shell insulates against noise, allowing a greater soundproofing.

4_EASY ORIENTATION

Il corpo a incasso può essere installato in ognuno dei 4 orientamenti: in tutti i casi la maniglia di Wash Basin rimane orientata in posizione tradizionale con la leva verso il basso.
The concealed body can be installed according 4 different orientations: in all cases, the Wash Basin handle is in the traditional position with the lever down.

CERTIFICAZIONI DI PRODOTTO

PRODUCT CERTIFICATIONS

La sicurezza e la conformità dei sistemi doccia ALMAR sono garantite dai più importanti enti di certificazione mondiale. Ogni certificazione testimonia l’esclusività e l’unicità di ogni prodotto e la volontà di ALMAR di assicurare ai propri clienti i più alti standard qualitativi presenti sul mercato.

The security and compliance of ALMAR's shower systems are ensured by the most important world certification authorities. Every certification witnesses the exclusiveness and uniqueness of each product and ALMAR's will to ensure its customers the highest quality standards present on the market.

ALMAR è certificata secondo gli standard di qualità UNI ENI ISO 9001:2015 (sistema gestione qualità) e ISO 45001 (sicurezza sul posto di lavoro).

ALMAR is certified according to ISO 9001 (quality management system) and OHSAS 18001 (security on the working place) quality standards.

E044200.**HB** per finitura PVD Brushed High Brass

E044200.**HB316** per finitura 316 PVD Brushed High Brass *

*NB: nel caso di prodotto in Acciaio 316, nel codice dopo il punto e le 2 lettere indicare anche 316

When you place an order, indicate after the product code, “dot” followed by the 2 letters of the chosen finishing.

example:

E044200.**CR** Chrome finish

E044200.**HB** PVD Brushed High Brass finish

E044200.**HB316** 316 PVD Brushed High Brass finish *

*N.B.: for products in 316 Stainless Steel, in the product code after “dot” indicate also 316

Le finiture Almar sono ottenute combinando tecnologie evolute e processi di lavorazione artigianali ad elevato valore aggiunto.

* Le finiture **PVD** sono ottenute mediante un processo a bassissimo impatto ambientale; possibili differenze di tonalità e lavorazione sono una prerogativa del prodotto.

La finitura **PVD SPAZZOLATO** realizzata su Ottone o Acciaio 316 ha una lucentezza differente, ciò è dovuto alla diversità del materiale di base su cui la finitura viene realizzata.

Almar finishes are obtained by combining advanced technologies and artisanal manufacturing processes with high added value.

* **PVD** finishes are obtained thanks to a process with a very low environmental impact; eventual differences in shade and manufacture are a prerogative of the product.

The finish of **BRUSHED PVD** made on Brass or 316 Stainless Steel has a different brightness, this is due to the diversity of the material on which the finish is made.
