The Art of Shower Composition

Revealing a world of color and customization, Riva reimagines the luxury shower.

Experience complete immersion in bespoke splendor, mesmerized by controls and components that gleam with artistry and precision and please with ease of use.

An exemplar of engineering expertise and captivating beauty, Riva transforms the shower with unsurpassed form and function.

A person is shown from the back, standing under two large, modern rain showerheads. The showerheads are mounted on a dark, textured wall and are spraying water downwards. The person's hands are on their head, and they are wearing a dark strap and a necklace. The overall scene is dimly lit, emphasizing the water spray.

GENERAL SALES CONDITIONS

CONDITIONS GÉNÉRALES DE VENTE

CONDICIONES GENERALES DE VENTA

CONDIZIONI GENERALI DI VENDITA

EN GRAFF General Terms and Conditions of Sales

I. General Provisions

- These General Terms and Conditions of Sales (further also referred to as the GTCS) apply to all sales transactions conducted by GRAFF and constitute an integral part of these transactions. These GTCS shall not apply to sales transactions conducted with final consumers (products users).
- These GTCS are publicly available at www.graff-mixers.com, and this information is communicated to the Buyer before the agreement is concluded. By signing the agreement or placing an order, the Buyer acknowledges that they have read and understood the GTCS and agrees to apply and use all conditions.
- If the Buyer is in a business relationship with Graff but has not signed the trade cooperation agreement, the Buyer's acceptance of the GTCS for one order shall be considered their acceptance for the remaining orders.
- If the Buyer has submitted a statement of non-acceptance of the GTCS, Graff retains the right to suspend the release of merchandise until it receives the Buyer's written statement of acceptance of the GTCS.
- Graff does not accept the GTCS prepared and applied by the Buyer insofar as they are inconsistent with or different from these GTCS. The only exception is the situation where Graff agrees in writing to accept the Buyer's GTCS.

II. Conclusion of the Agreement

- The essential trade terms applicable in a given period between Graff and the Buyer are described in the trade cooperation agreement signed by both Parties. The Signing of this trade cooperation agreement shall be tantamount to the Buyer's acceptance of the GTCS. To the extent not regulated by the agreement, the GTCS shall apply.
- In the absence of the trade cooperation agreement, the document that binds the Parties shall be the Buyer's written order confirmed by Graff within 2 business days following the receipt thereof. In the absence of such confirmation, the order shall be deemed not accepted. In the confirmation of the order Graff confirms final terms applicable to sales (if for any reason they may differ from the previously agreed ones).
- The order should state the following: detailed name and address of the Buyer; ordered products and their quantities; date and place of the delivery; agreed form and date of payment. The order should bear the company stamp and be signed by a person authorised to place orders on behalf of the Buyer.
- Price lists, advertisements and other sales literature concerning Graff's merchandise are for informational purposes only and shall not be considered binding.

III. Prices and Terms of Payment

- Retail prices stated by Graff in the price list are net prices (i.e. excluding VAT applicable on a given territory) and they do not include costs of merchandise transport to the destination.
- When so desired by the Customer, Graff may organise transport of merchandise to the Customer-specified location in which case all related costs are borne by the Customer unless agreed on by prior written consent. Graff retains the exclusive right to select the transportation method and carrier. As soon as the buyer receives merchandise, the Buyer shall be obliged to notify Graff in writing about any and all damage to the merchandise while in transit. Merchandise will be insured for the time of transport against damage, theft or destruction at the Buyer's expense.
- The selling price for the Buyer shall be based on the price list that is valid on the order placement date. The selling price shall be the list price reduced by an applicable discount only when the discount has been confirmed by Graff in writing (by way of the agreement or order confirmation).
- The Buyer may be granted a sales discount consisting of a reduction to the net list price, and the display discount i.e. special reduction of the net list price applicable to the Buyer's purchase of products for their own display.
- Graff reserves the right to change the list prices without prior notice to the Buyer. The change of the price shall not apply to confirmed orders.
- The entire payment for all received merchandise should be concluded within the time limit specified in the agreement or the invoice. Should the time limit specified in the agreement and the invoice be at variance, payment should be effected at the earlier thereof. In each case the time limit for payment shall be calculated from the invoice date.
- The Buyer's payment date shall be the date when the receive-

ble is credited to Graff's account.

- Lodging a complaint shall not authorise the Buyer to withhold payment for the merchandise or a part thereof.
- In its relationship with Graff, the Buyer shall not have the right to make a unilateral statement on offsetting.
- Should the payment be delayed, Graff retains the right to charge 8% of interest for the delay.
- Should the Buyer exceed the time limit for payment for the delivered merchandise under at least one invoice, Graff shall have the right to call for immediate payment of the remaining invoices whose payment deadlines have not expired yet.
- If the payment amounts due are delayed, Graff shall have the right to withhold processing of other orders placed by the Buyer. If the delays in payments recur or if it is unilaterally ascertained that the Customer is insolvent, Graff shall have the right to terminate the sales agreement immediately.

IV. Delivery Terms

- Delivery of the merchandise ordered by the Buyer is effectively based on the Buyer's order and Graff's confirmation of the order acceptance. Should the order and confirmation of the order acceptance be at variance, the latter shall prevail. The deadline for delivery shall run from the date of confirmation of the order acceptance and not from the order placement date. The deadline for delivery shall be deemed kept if the merchandise leaves Graff's warehouse before it has passed.
- Graff reserves the right to postpone the deadline for delivery without any consequences whatsoever if the Buyer has payments to Graff in arrears for the merchandise that they have already collected.
- Graff shall indicate the anticipated deadline for delivery in writing. Should the deadline for delivery be not confirmed, Graff will make every effort in order to prepare merchandise for collection, taking into account the Buyer's interests.
- Should the delivery of merchandise be prevented due to a force majeure event that has affected Graff or its suppliers, the Buyer shall have no right to claim for the redress of the damage resulting from non-performance or delayed performance of the agreement. Force majeure events should be understood in particular as business disturbances affecting the manufacturer of merchandise, strikes, shortage of materials, labour or transport vehicles and natural disasters.
- The Buyer may refuse to accept partial deliveries. Graff shall be obliged to obtain the Buyer's written consent for a partial delivery. A partial delivery should be invoiced in parts.

FR Conditions générales de vente GRAFF

I. Dispositions générales

1. Les présentes conditions générales de vente (ci-après également dénommé CGV) s'appliquent à l'ensemble des opérations de vente conclues par GRAFF (ci-après également dénommé le VENDEUR ou GRAFF) et en font partie intégrante. Les présentes CGV ne sont pas applicables aux opérations de vente conclues avec des consommateurs (les utilisateurs finaux).
2. Les présentes CGV peuvent être consultées sur le site Internet : www.graff-mixers.com. L'Acquéreur en est informé avant la conclusion du contrat. En signant le contrat ou en passant une commande, l'Acquéreur déclare avoir pris la connaissance des CGV, comprend leur contenu et les accepte.
3. Si l'Acquéreur entretient des relations commerciales permanentes avec Graff mais qu'il n'a pas signé un contrat de coopération commerciale, l'acceptation par l'Acquéreur des CGV lors d'une commande, est considérée comme l'acceptation de ces dernières pour les autres commandes.
4. Si l'Acquéreur a déposé une déclaration de non acceptation des CGV, GRAFF dispose d'un droit de refuser la livraison de marchandise, jusqu'à la réception d'une déclaration écrite de l'Acquéreur de l'acceptation des CGV.
5. Graff n'accepte pas les CGV établies et appliquées par l'Acquéreur, ci ces dernières sont opposées ou différentes des présentes CGV. La seule exception est faite sur autorisation écrite de Graff à l'Acquéreur.

II. Etablissement du contrat

1. Les principales conditions commerciales, en vigueur entre GRAFF et l'Acquéreur pendant une période donnée, sont définies dans le contrat de coopération commerciale signé par les deux parties. La signature de ce contrat constitue l'acceptation des CGV par l'Acquéreur. Les CGV s'appliquent pour toute question non couverte par le contrat.
2. En cas de défaut de contrat de coopération commerciale, la commande écrite de l'Acquéreur, confirmée par GRAFF dans un délai de deux jours ouvrables suivants sa réception, constituera le document contraignant pour les deux parties. En cas de défaut d'une telle confirmation, la commande est réputée non acceptée. GRAFF confirme les conditions définitives de vente dans la confirmation de commande (si, pour une raison quelconque, elles peuvent être différentes de celles prédéfinies).
3. La commande doit indiquer : la dénomination et l'adresse exacte de l'Acquéreur, la nature et la quantité exacte de la marchandise commandée, le lieu et le délai de livraison, le mode et le délai convenus pour le paiement. La commande doit être munie d'un cachet d'entreprise et signée par une personne habilitée à élaborer des commandes au nom de l'Acquéreur.
4. Les tarifs, les publicités et les autres annonces concernant les produits proposés par Graff n'ont qu'une valeur indicative.

2. Sur demande du client, Graff peut organiser le transport de la marchandise vers une destination définie par le client, mais dans ce cas, le client supporte l'intégralité des frais afférents. Le choix du mode de transport et du transporteur relève de la compétence de Graff. L'Acquéreur est tenu d'informer Graff de tout dommage causé à la marchandise pendant le transport dès réception de la marchandise. Pendant le transport la marchandise sera assurée contre les dommages, vols ou destructions, aux frais de l'Acquéreur.
3. Le prix de vente est déterminé pour l'Acquéreur sur la base du tarif en vigueur le jour de la commande. L'application d'une remise éventuelle au prix de marché pour fixer le prix de vente n'est possible que sur confirmation écrite de Graff (sous forme d'un contrat ou dans la confirmation de la commande).
4. L'Acquéreur peut bénéficier d'une remise professionnelle, c'est-à-dire une remise sur le prix tarifaire net et d'une remise pour exposition, c'est-à-dire une remise particulière sur le prix tarifaire net, prévue pour l'achat par l'Acquéreur de produits destinés à être exposés par ses soins.

Dans tout les cas, le délai de paiement court à compter de la date d'établissement de la facture.

7. La date de réception du paiement sur le compte de Graff est considérée comme la date de paiement par l'Acquéreur.

10. En cas de retard de paiement, Graff dispose du droit de réclamer le paiement d'intérêts de retard s'élevant à 8% par an.

12. En cas de retard de paiement, Graff est en droit de refuser les autres commandes effectuées par l'Acquéreur. En cas de retards répétés des paiements ou en cas de constatation unilatérale de non solvabilité du Client, Graff dispose du droit de dénoncer le contrat avec effet immédiat.

IV. Conditions de livraison

1. La livraison de la marchandise commandée par l'Acquéreur est effectuée en fonction de sa commande et de la confirmation de réception de la commande par Graff. En cas de divergences entre la commande et la confirmation de réception de la commande, le contenu de la confirmation de réception de la commande fait foi. Le délai de livraison court à partir de la date de confirmation de la commande et non à compter de la date de la commande. Le délai de réalisation de la commande est réputé respecté si la marchandise a quitté le dépôt de Graff avant son échéance.
2. Graff se réserve le droit de repousser le délai de livraison, sans subir de conséquences, si l'Acquéreur ne s'est pas acquitté du paiement des marchandises qu'il a déjà reçu.
3. Graff indique le délai de livraison par écrit. En cas de défaut de confirmation du délai par écrit, Graff mettra tout en œuvre pour mettre à disposition la marchandise, en tenant compte des intérêts de l'Acquéreur.
4. S'il est impossible de livrer la marchandise, en raison d'un cas de force majeure qui touche Graff ou l'un de ses fournisseurs, l'Acquéreur ne dispose pas du droit de demander une réparation des dommages qui résultent de la non satisfaction de la commande ou de sa satisfaction au delà du délai imparti. Par cas de force majeure il faut notamment comprendre les perturbations du fonctionnement du producteur des marchandises, les grèves, la pénurie de matériaux, la pénurie de main d'œuvre, le défaut de moyen de transport et les catastrophes naturelles.
5. L'Acquéreur peut refuser une livraison partielle. Graff a pour obligation d'obtenir un accord écrit de la part de l'Acquéreur pour effectuer une livraison partielle. Dans le cas d'une livraison partielle une facture partielle doit être établie.
6. Le retour de marchandise livrée conformément à une commande confirmée sans accord préalable de Graff est impossible. La marchandise réexpédiée au dépôt de Graff sans que celui-ci en ait été informé au préalable ne sera pas acceptée. En cas d'accord pour le retour de marchandises acquises par le Client, ce dernier devra s'acquitter d'une somme correspondant à 30% de la facture au titre des coûts de manutention. Graff n'acceptera pas de marchandises autres que celles retournées dans leurs emballages d'origine et portant les cachets d'emballage.
7. La restitution de marchandises défectueuses constitue une exception au point IV. 6.

V. Réclamations

1. Les réclamations liées à un dommage visible de la marchandise ou de son emballage lié au transport doivent être exprimées immédiatement, en présence du représentant du transporteur, sous peine de perte du droit de recours à ce titre. Les réclamations doivent être consignées sur le procès verbal de réception du transporteur.
2. Une réclamation liée à la quantité doit être exprimée immédiatement, en présence du représentant du transporteur, sous peine de perte du droit de recours à ce titre. A la réception de chaque livraison, l'Acquéreur a pour obligation de vérifier

la quantité de marchandise livrée. Les manques éventuels doivent être immédiatement consignés sur le procès verbal de réception du transporteur et notifiés à Graff.

3. Les réclamations émanant des clients finaux doivent être vérifiées au préalable par les services compétents de l'Acquéreur et notifiés à Graff dans un délai de 24 heures.

5. En cas de réclamation réputée justifiée, Graff est tenu de corriger le défaut. Le mode de correction du défaut relève de la seule responsabilité de Graff.
6. Jusqu'au résultat de l'examen d'une réclamation, l'Acquéreur est tenu de conserver soigneusement la marchandise concernée de façon à empêcher des dommages ou l'apparition de défauts ultérieurs.
7. Une absence de réclamation dans la forme et les délais indiqués dans les conditions générale de vente et dans la garantie entraîne pour l'Acquéreur la perte du droit à réclamation sur la marchandise.
8. Graff est responsable des dommages subis par l'Acquéreur à hauteur de la valeur de la commande.

VI. Clause de réserve de propriété

1. Graff se réserve le droit de propriété sur la marchandise vendue jusqu'au paiement complet par l'Acquéreur des sommes résultant du contrat.
2. L'Acquéreur est tenu de notifier à Graff les saisies de marchandises dans le cadre d'un recours à une procédure d'exécution visant l'Acquéreur ou ses biens.
3. Si l'Acquéreur n'effectue pas les paiements pour les marchandises dans le délai convenu, Graff est en droit de demander la restitution des marchandises de la part de l'Acquéreur. En cas d'usure ou de dommages sur les marchandises, Graff est en droit d'exiger une indemnisation à ce titre.

2. En cas de défaut de contrat de collaboration commerciale, s'il lui est impossible d'honorer la commande pour des raisons qui ne lui sont pas imputables, Graff peut, avec effet immédiat, résilier le contrat établi lors de la confirmation écrite de la commande.

IX. Dispositions finales

1. Le contrat et/ou les CGV établis entre les parties sont soumis à la législation en vigueur du pays dans lequel a été établie la facture pour les produits de Graff.
2. Les parties excluent l'application de la convention de Nation Unies sur la vente internationale de marchandises.
