RIDISEGNARE L'ESSENZIALE  
*REDESIGNING THE ESSENTIAL*

Nel tempo in cui è la ricerca del dettaglio, dell'extra-ordinario, dell'intenzionalmente irregolare a scandire gli istanti del design contemporaneo, la collezione B-EASY ricorda quanto più di essenziale, puro e semplice la geometria ha da offrire.

Un nome nato da una premessa: quella di un prodotto che rispecchia un nuovo accordo di linee e forme che non allude all'estrema ricercatezza, ma riconfigura la semplicità. Una bocca sottile, una maniglia squadrata e un corpo che gioca su sezioni quadre e tonde per indurre la vista in un'illusione tridimensionale.

Se l'essenzialità della serie si limita all'estetica, è nell'anima interna che è racchiusa l'integrazione fondamentale dei miscelatori Newform: B-EASY, infatti, si completa con il sistema Save Water per limitare la portata di acqua e garantire una riduzione del consumo idrico.

Come un teorema dell'essenziale, a dimostrazione della semplice versatilità della collezione, B-EASY si presenta nelle canoniche finiture cromo, nero opaco e bianco opaco, ma sperimenta anche le nuances satin e metallescenti delle colorazioni Exclusive Metal per accentuare il colore e l'effetto metal glamour della rubinetteria Newform nei progetti di interior.

B-EASY è una collezione che ferma per un istante il tempo del luxury, per riportare il design alle radici dell'essenzialità geometrica. Un invito ad essere semplici, naturali, sobri. *BE EASY.*

*At a time when the quest for detail, for the extraordinary, the intentionally uneven marks the pace of contemporary design, the B-EASY collection is a reminder of how much more than the essential, the pure and the simple can be achieved with geometry.*

*A name born of a premise: a product that reflects a new harmony of line and form that does not strive for extreme preciousness, but reconfigures simplicity. A subtle opening, a blocky handle, a body that plays with square and rounded units to seduce the gaze in a three-dimensional illusion.*

*While the collection's minimalism is limited to aesthetics, the inner core encloses the fundamental integration of the Newform mixer taps: in fact, B-EASY is completed with the Save Water system to limit flow capacity and guarantee lower water use.*

*Like a theorem on minimalism demonstrating the collection's simple versatility, B-EASY is available in the conventional chrome, matte black and white finishes, but also experiments with satin and metallic shades of its Exclusive Metal range to accentuate the colour and glamorous metallic effect of Newform taps in interior design projects.*

*B-EASY is a collection that stops time and luxury for an instant and takes design back to its roots of geometric minimalism. An invitation to be simple, be natural, be plain. *BE EASY.**
